EPA proposes adding aluminum smelter site to Superfund list

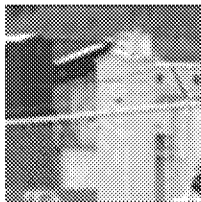

NBC Montana - 15 hours ago

The plant about two miles northeast of Columbia Falls operated as an aluminum smelter between 1955 and 2009. The **EPA** and the state of **Montana** have determined that a comprehensive investigation is necessary to identify ways to clean up the cyanide, ...

Superfund listing proposed for aluminum plant

Daily Inter Lake - 27 minutes ago

Rob Parker, a site assessment manager with **EPA** regional headquarters in Denver, said **Montana** contains 16 Superfund sites, with another three proposed for listing. But he said whether they have been delisted isn't the whole story. "It depends on the ...

Superfund Listing for Columbia Falls Plant?

ABC FOX Montana News - 15 hours ago

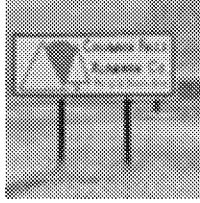

The Columbia Falls Aluminum Company is one very large step closer to becoming an **EPA** superfund site. After years of back-and-forth between the Columbia Falls Aluminum Company, The **Montana** Department of Environmental Quality and the ...

EPA officially proposes listing CFAC site

Flathead Publishing Group - 18 hours ago

The **EPA** says the contaminants pose a risk to nearby residential drinking water wells and to the Flathead River. The **EPA** and the **Montana** Department of Environmental Quality have determined that a comprehensive investigation of the site is needed to ...

Columbia Falls Aluminum Co. to be placed on EPA Superfund list

KPAX-TV - 16 hours ago

The first step in the process is a 60-day public review and comment period where the **EPA** will work closely with the State of **Montana**, Columbia Falls and the Columbia Falls Aluminum Company. We spoke to Rob Parker with the **EPA** in Denver and he tells us ...

Aluminum plant owner opposes Superfund listing

Billings Gazette - 18 hours ago

The **Environmental Protection Agency** has said the site qualifies for Superfund listing, but the agency wanted public input. Both Gov. Steve Bullock and U.S. Sen. Jon Tester support the listing for the plant, which closed in 2009. An **EPA** study found cyanide, ...
